

Mapping Donor Efforts in the City

Narayanganj City Corporation, Narayanganj

February 2018

Supported by

United Nations Development Programme (UNDP)

Introduction

The Mapping Donor Efforts in the City Assessment collects baseline information of a number of projects working on poverty reduction currently active in Narayanganj with a view to improving coordination between them. The specific objectives are to identify overlaps and gaps, minimize these overlaps, and suggest to Local Government specific actions to ,maximize benefits for the poor, ensure optimum efficiency, and enhance the effectiveness of project and Government resources.

The Assessment is prepared for Local Government and organized in the following way:

- Narayanganj City Priorities and Needs Analysis
- Projects in Narayanganj
- Analysis of Overlaps and Gaps
- Recommendations

Narayanganj City Priorities and Needs Analysis

- The city level priority poverty issues are roads, drains, water supply, solid waste, livelihood, social problems, land tenure, eviction, and housing
- Overall infrastructure conditions are critical in the northern part of the city at Ward no. 4, 5, 6, 10, and 24.
- Water supply condition is critical in all the wards of the northern part of the city at Ward no. 1, 2, 3, 4, 5, 6, 7, 9, 10, 26, 27.
- Road, drains and water supply conditions are worst at the Ward no. 20.
- Overall livelihood conditions are very low in the most parts of the city meaning that people don't have enough access to employment and income opportunities.
- Housing and land tenure conditions are critical in the north and center of the city at Ward no. 4, 5, 6, 11, 14, 15, and 17.

Projects in Narayanganj

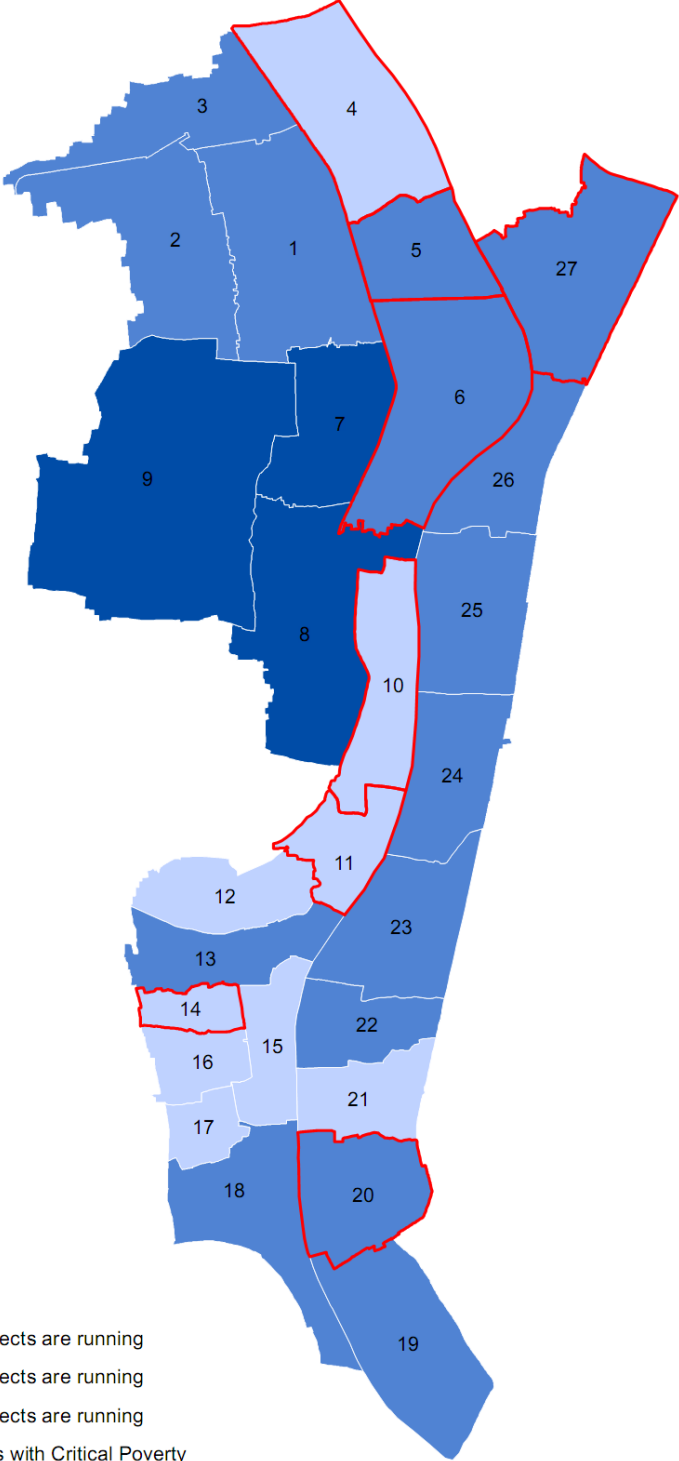

| Project Title | Focus areas | Specific activities |
|--|---|---|
| Municipal Governance and Services Project (MGSP) | <ul style="list-style-type: none"> ▪ Governance ▪ Infrastructure ▪ Environment ▪ City Planning ▪ Contingent emergency response | <ul style="list-style-type: none"> ▪ Construction and improvement of roads, footpath, drains, water supply, and bridges ▪ Capacity building of local govt. staffs and local elected representatives on computerization of tax, water billing, accounts, fundamental training on participatory urban planning, and Grievance Redress Cell (GRC), etc., ▪ Activating / strengthening the standing committees and the coordination committees |
| City Governance Project (CGP) | <ul style="list-style-type: none"> ▪ Governance ▪ Infrastructure ▪ Livelihood ▪ Health ▪ Environment ▪ City Planning | <ul style="list-style-type: none"> ▪ Livelihood development related training and capacity building activities, livelihood grants for business start-up, education, etc., and awareness rising on gender and social issues etc. ▪ Construction and improvement of roads, footpath, drains, water supply, solid waste, community latrine, private latrine, bridges |

| Project Title | Focus areas | Specific activities |
|--|--|---|
| | | <ul style="list-style-type: none"> ▪ Capacity building of local govt. staffs and local elected representatives on computerization of tax, water billing, accounts, fundamental training on participatory urban planning, etc. ▪ Activating / strengthening the standing committees and the coordination committees ▪ Awareness raising of mass people, and forming/reactivating Grievance Redress Cell (GRC) |
| Urban Primary Health Care Service Delivery Project (UPHSCP) | <ul style="list-style-type: none"> ▪ Health ▪ Nutrition | <ul style="list-style-type: none"> ▪ Providing health and nutrition services to the city people ▪ Capacity building training/workshops of local govt. staffs on health and nutrition |
| Engaging Multi-Sectoral Partners for Creating Opportunities, Improving Wellbeing, Realizing Rights of the Urban Poor (EMPOWER) | <ul style="list-style-type: none"> ▪ Governance ▪ Advocacy ▪ Service integration ▪ Community Mobilization ▪ Learning & innovation | <ul style="list-style-type: none"> ▪ Livelihood development related training and capacity building activities ▪ livelihood grants for skill development, business start-up, education, etc. ▪ Awareness rising on gender, nutrition and social issues ▪ Improvement of water supply, solid waste system, community latrine, private latrine ▪ Capacity building of local govt. staffs and local elected representatives, activating /strengthening the coordination committees |
| Promoting Equitable Economic Growth in Cities (PEEGC) | <ul style="list-style-type: none"> ▪ Governance ▪ Livelihood ▪ Research & feasibility study | <ul style="list-style-type: none"> ▪ Assisting LGI through a research and feasibility study for a city-level women's complex and ward-level digital centers for all wards of NCC |
| Reaching Out of Slum Children-II (ROSC-II) | <ul style="list-style-type: none"> ▪ Education for slum children | <ul style="list-style-type: none"> ▪ Capacity building training/workshops of local govt. staffs ▪ Education for slum children |
| Strengthening Urban Resilience Project (SURP) | <ul style="list-style-type: none"> ▪ Environment ▪ City Planning ▪ Urban resilience ▪ Disaster management ▪ Earthquake preparedness | <ul style="list-style-type: none"> ▪ Capacity building of local govt. staffs and local elected representatives, ▪ Activating/strengthening Standing Committees and Coordination Committees ▪ Promoting institutional capacity of LGI & community ▪ Urban resilience, preparedness for earthquake and water disaster |
| Programmatic Clean Development Mechanism Project (PCDMP) | <ul style="list-style-type: none"> ▪ Environment ▪ Waste Management | <ul style="list-style-type: none"> ▪ Improvement of Solid waste, ▪ Minimizing pollution to keep environment clean ▪ Capacity building & awareness raising of LGI staffs ▪ Producing organic fertilizer from solid waste |

Analysis of Overlaps and Gaps

- Overlaps
 - There is overlap in some common areas, which means multiple projects work on the same issue. For example, governance and environment sector got highest priority among the projects and 50% of the projects are working on these two areas.
 - City planning is the second highest common area of interests of the projects and 3 projects are working on it.
 - Since multiple projects are working in common areas, their delivery may confuse Local Government if there's no coordinated approach for project delivery.
- Sectoral Gaps
 - Given it is one of the city's priorities, the livelihood sector seems to get little attention from development partners. The PEEGC Project is the only project contributing to livelihood development of the poor people in Narayanganj City. Although, CGP has few activities, it makes a limited impact because the target of CGP is only 3,000 beneficiaries.
 - UPHSCP is the only project that works in health and nutrition sector service delivery which is not sufficient at all considering the number of poor people in the city.
 - There are no projects working on housing, land tenure, and eviction, yet it is one of the city's priorities.
- Spatial gaps
 - Most of the projects do not cover all the wards of the city (except CGP, MGSP and ROSC-II). Projects that have no plans may end up not covering all the areas of the city where poverty is concentrated.
 - Two projects (CGP and MGSP) lead infrastructure development activities. Although both of these projects are working in all wards of the city, some areas within the wards where infrastructure conditions are critical, might be left out.

Donor Efforts in Narayanganj
Number of Projects by Ward

Legend

- 3 Projects are running
- 4 Projects are running
- 5 Projects are running
- Wards with Critical Poverty

Recommendations

1. **Form a Project Coordination Working Group:** A Working Group on Project Coordination should be formed under leadership of Narayanganj City Corporation to ensure planned delivery by the projects and get rid of the confusion regarding duplicate deliveries. One member with decision making authority from each of the projects should be the member of the Working Group.
2. **Ensure coordination among key sectors:** For the following specific sectors coordination should be established among the relevant projects as mentioned below:

| Sectors | List of projects with probable coordination opportunities |
|----------------|---|
| Governance | CGP, MGSP, EMPOWER, PEEGC |
| Infrastructure | CGP, MGSP |
| Livelihood | CGP, PEEGC |
| Environment | CGP, MGSP, SURP, PCDMP |
| City Planning | CGP, MGSP, SURP, |

3. The City Corporation should build some linkage with UPHSCP to provide free and low-cost health and nutrition services to the extremely poor and poor people of Narayanganj.
4. **Find ways to promote support for improving Housing and Land Tenure Support:** The City Corporation should promote and look for the projects working on Housing and land tenure. The City Corporation should also ensure enabling environment for CHDF to support housing finance for the poor through capacity building of CHDF, providing seed capital for housing finance and linking them with external bodies for managing fund etc
5. **Encourage a spatial approach to activities:** The City Corporation should motivate all the current projects to develop a holistic *spatial* plan that covers all wards, and seeks to deliver project benefits to the maximum number of poor beneficiaries.
6. **Refer to the City Poverty Reduction Strategy:** The City Poverty Reduction Strategy (also known as the Ward Prioritization)¹ of Narayanganj is a useful guide that identifies the wards with highest concentrations of poverty. It should be used as a tool to identify the Wards where poverty is most highly concentrated and where investments projects would have the biggest impact upon reducing poverty in the city
7. **Improve Health and Nutrition for the Poor:** Narayanganj City Corporation should persuade UPHSCP to provide easy-to-access and low-cost health and nutrition services to the poor people.

¹ Poverty Reduction Strategy (Ward Prioritization) of Narayanganj has been prepared in 2017 using the city-wide poverty mapping data to be used as a strategic tool for decision making related to poverty reduction
